# Memorandum

**Date:** October 6, 2015

**To:** Honorable Chairman Jean Monestime  
and Members, Board of County Commissioners

**From:** Carlos A. Gimenez  
Mayor

A handwritten signature in black ink, appearing to read "Carlos A. Gimenez", written over the "From:" line.

**Subject:** Resolution Adding Certain Capital Projects to the Approved List of Economic Stimulus  
Projects Pursuant to the County's Economic Stimulus Plan

---

**This substitute item differs from the original in that it includes an additional project – *Capital Repairs to the Miami-Dade County Courthouse* – in the list of projects in Exhibit A. Therefore, there are a total of 26 projects in Exhibit A for approval.**

## **Recommendation**

It is recommended that the Board of County Commissioners (Board) approve adding the 26 projects listed on Exhibit A to the County's Economic Stimulus Plan (ESP) approved list of projects.

The addition to the County's ESP-approved list of projects will afford the projects in Exhibit A to benefit from the expedited process currently in place under the ESP program. Ordinance No. 08-92 established the ESP program and R-851-08 identified the original list of ESP projects. Section 2-8.2.7 of the Code (ESP Ordinance) provides that the Board may add projects to the ESP list as necessary.

## **Scope**

The project location relative to each respective Commission District is indicated in Exhibit A.

## **Fiscal Impact/Funding Source**

Exhibit A includes details on the applicable funding allocations for the proposed projects. Each project being added to the ESP approved list of projects is funded in the FY 2014-15 Adopted Budget and Multi-Year Capital Plan.

## **Track Record/Monitor**

The Design and Construction Services Division in the Internal Services Department, headed by Asael Marrero, AIA, will manage the design and construction of the projects shown on Exhibit A, except for those listed as under the Parks, Recreation and Open Spaces Department. The projects associated with the Parks, Recreation and Opens Spaces Department will be managed by the department's Capital Programs and Facilities Division, which is headed by Jorge Mora.

## **Background**

Exhibit A provides a description of the proposed projects. The projects listed are currently going through different stages of development and, in all cases, the appropriate selection process and/or invitation to bid will be conducted in order to acquire the services of consultants and contractors. The ESP continues to allow projects to be processed at an accelerated pace, and tracks the number of jobs that each project is expected to create. It is respectfully requested that approval of the attached resolution adding these projects to the ESP list be granted in order to allow these projects to move forward in an expeditious manner.
